BITS, Pilani – KK Birla Goa Campus
Department of CS&IS

CS/IS F213 Object Oriented Programming
CS/IS C313 Object Oriented Programming and Design

Lab-6   *Dt.10.09.2014*

The pre-lab work for the lab is as follows.

1. Read **Ch 5 to 8** from *UML Distilled, Martin Fowler with Kendall Scott, Pearson Education, 2nd Edition, 2000*.

2. Take a look at the code and Java documentation of jNetPcap project available at the following URLs.
   http://sourceforge.net/projects/jnetpcap/files/jnetpcap/1.4/jnetpcap-src-1.4.r1300-1.zip/download

   http://sourceforge.net/projects/jnetpcap/files/jnetpcap/1.4/jnetpcap-javadoc-1.4.r1300-1.zip/download

   You don't need to understand the code. You will use the code base to draw the UML diagrams in the next lab. You can use the Java documentation link of the jNetPcap project as given above for help.
